

**Overview:**

Hour Builder Sa offers hour building using Savannah LSA aircraft.

Our project is based in Clarens, Eastern Freestate. We offer various hour building packages at competitive rates.

The flights are conducted in the area of Bethlehem, Freestate. The flights are of a scenic nature and routes are discussed on a day-to-day basis with our permanent pilots.

The aforementioned pilots will accompany all hour builders on the flights for reasons of safety and to assist with orientation of the area. Solo flights can be arranged if the hour builders show necessary competence in the aircraft and surrounding areas. This is at the discretion of Hour Builder Sa management and staff.

**Requirements:**

1. Completed PPL or NPL.
2. Purpose of exercise- Building hours towards CPL.
3. This LSA aircraft, due to its weight category is accepted by South African CAA as full hour logging per hour from the left.
4. For Non- South African Pilots, ICAO generally accepts this aircraft; however, it is the enrolled pilot's responsibility to ensure that their CAA of country of license will recognise these hours. EASA has specific rules around the LSA's, they recognise for these purposes, it is the pilot's responsibility to ensure that they have verified that these aircrafts are accepted for the purpose of hour building.
